# Martini Tandem

Facts Gallery Downloads

A new level of innovation for recreational kayaks. Created by awardwinning design engineer Magnus De Brito, Point 65 Kayaks Sweden launches the Martini! A fun, versatile high-performance recreational touring kayak that, due to its modularity, is exceptionally easy to carry, store, and haul. The revolutionary Solo or Tandem combination is the solution you were waiting for (patent pending).

Performance kayaking - Easy to handle in and out of the water. With Point 65's innovative Snap-Tap system (patent pending), the single-seater snaps apart and re-assembles in seconds for a kayak that is comfortable, stable, and strong making it by far the most easy to carry recreational kayak on the market. The Martini is a rigid high-performance kayak that you can carry with a smile on your face, put into the trunk of your car and store under your bed

No need to buy two kayaks - Snap in the mid-section and your single seater Solo transforms into a high-performance Tandem. Never before has a kayak been so much fun and so easy to own. In fact, the only thing you'll need to worry about is deciding whom to bring. By adding mid sections you create the perfect team building tool for as many paddlers as you want.

Family Fun - The Martini is designed with both kids and adults in mind. Whether paddling, fishing or just relaxing, this comfortable, stable and strong high-performance kayak is the ideal choice for family fun on the water.

**Get in and go** - Carrying and hauling, going Solo or Tandem - the Martini has the innovative features to keep everyone smiling. So easy to set up and go, you'll be having a blast right off the beach.

**Comfort and ease** - The Martini features a comfortable ergonomical seat equipped with a cushy seat pad as well as thight braces for improved control, multiple cup holders, integrated rudder and easily adjustable rudder pedals. The Martini also features a large, oval dryhatch aft and a smaller round bow dry-hatch to access two water tight compartments for safe storage of gear on your next adventure.

Outstanding performance - Designed for comfort and stability, the Point 65 Martini is a nimble, highly maneuverable decked recreational touring kayak with plenty of legroom. And whether you paddle the Martinil as a Solo or Tandem, this is one of the faster recreational kayaks on the market. Designed for optimal comfort, stability, maneuverability and tracking. It's perfect for a day of fun or weekend of adventure. Use a protective spray skirt to cover the cockpit and you can paddle the Martini through rough water and stay dry. Load it up — the Martini has tons of dry storage!

**Gone fishing** - The Martini is prepared to accomodate after market fishing equipment and its multiple paddleparks frees your hand to handle all the fishing you need. The molded in fish-o-meter helps in measuring your catch. Going by yourself or with a friend? You have both options in one kayak — just add the Snap Tap mid-section and go from Solo to Tandem in seconds. With a second mid section between the two paddlers you can create additional storage space for your four legged friend and tons of additional gear.
