

18" Rack Pads

SKU#: MPG313

Warranty: One Year

The 18" Load Bar Pads provide a cushioned layer around your rooftop cross rails to protect surfboards, kayaks and standup paddle boards during transport.

Combine with our MPG200 series Universal Cross Rail System and MPG307-15 Load Straps for a complete and affordable rooftop carrier system.

Features:

- Velcro hook & loop closure system for a solid confident fit
- Two shock cords per pad for additional retention strength
- High density foam padding prevents load abrasion
- Water resistant nylon outer sleeve for long life
- Recommended for square, round and factory oval load bars

Specifications:

- Capacity: See specific load bar rating
- Dimensions: 18" (L) x 2.5" diameter
- Frame: EVA foam with nylon sleeve
- Weight: 3 LB (set of 2)
